Dear Friends,

When LeaderBoard first proposed the unique hole sponsorship program three years ago, our committee decided they wanted to change the look of the signage on the course and liked the additional revenue it offered over the traditional tee signs.

Our sponsors took to the program so well that we have actually oversold each of the past three tournaments, selling up to 39 unique programs for our event which is held each year on two courses at the Fort Lauderdale Country Club.

Our committee sold out the unique hole program again this year for our event in April and when you consider the economic situation in the country, you know the sponsors believe in the product and realize the tremendous exposure they are receiving at our golf fundraiser.

In addition, the principals of LeaderBoard in South Florida, Marty and Bobbie Perlmutter are both efficient and professional in their dealings with the event organizers and sponsors. They worked tirelessly to ensure that our tournament was a huge success. I highly recommend their services.

Sincerely,

Judy Marini  
Golf Coordinator  
Broward College Foundation Golf Classic
