Dear Jim,

Thank you for another great tournament, our best ever. I would like to offer the following testimonial to anyone considering using your services:

We have worked with LeaderBoard Tournament Company for three years now and can't imagine our tournament without them. They are creative and inventive in putting together visuals for the tournament and the auction, and incredibly flexible in working with our time schedule and last-minute changes. On the day of the tournament they are there to help and answer questions, while bringing a professional touch to the registration and tournament dinner. The photos are always great and provide for lots of fun and conversation.

Thanks again Jim on another terrific job.

Sincerely,

Jeff Meder
