Re: MHS Golf Tournament

Dear Bob:

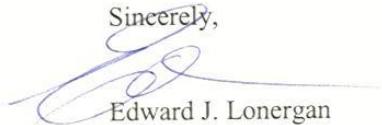

I think it obvious that your participation in promoting, planning and hosting added most significantly to the quality and enjoyment attendant to our annual golf event. Please make special note to share our appreciation with Matt and Eric.

Your suggestions and guidance helped to create and maintain a wonderful flow throughout the day that made for a pleasant and comfortable tempo. You have also helped to position this event as one of profile and significance and I expect that this will lead to this tournament becoming a signature event for both the Alumni Association and Matignon.

I am happy that you met and exceeded the great expectations that were generated by the recommendation we received from the Irish American Partnership about your effectiveness.

I trust we shall build upon the successes of this week as the event grows in stature and impact.

Sincerely,

Edward J. Lonergan
President
