Dear Bob:

The New England Club Managers Association wishes to acknowledge your presentation during our 2008 NECMA President, Golf Professional, Superintendent and Club Manager tournament held at Oak Hill Country Club. Because of your commitment to the success of our event, our guests were thrilled with your scoring system and all of the other first class amenities you provided.

Using LeaderBoard's scoring provided a simple and fast solution process for our golfers and volunteers. No doubt that with your help, our event was a first-rate success...it was an added bonus for the golfers to see their scores and pictures on the big screen.

The service which you provide is a real asset to any golf tournament as the guests, in our case, do value the quick score feedback and the professional manner in which it is presented.

The feedback from the club presidents, golf professionals, superintendents and club managers has been nothing but positive. From the pre-event planning through the event, I could not have asked for more.

The New England Club Managers endorses your services and we hope you can participate in future events.

Sincerely,
Outing Co-Chairs

Robert C. Pescatore, CCM
General Manager
Boston Golf Club

Francisco Ventura
Club Manager
Oak Hill Country Club
